

C-Mine Genk - Belgium □ April 2012 - April 2014

::

A selection of 40 fragrances based on cultural specific odors of the hundred nationalities living in the city Genk (Belgium). Thanks to the history of the coal mine (C-Mine) more than 100 nationalities are living in Genk. As a visitor you can explore the selected smells and make a selection. Through a computerized system, the smells are mixed well with the odors of its predecessors. You can fill a balloon with this mix of scents and take this smell mix home.

Cultural Odor generator remains to be seen until April 2014 in C-Mine in Genk.
